## SPUR LINE FROM TRACK

### C. N. R. WANT REDUCED WATER RATE

**Alderman Griesbach After the Calgary Herald and its Snow Storm Yarn—Gas Company Want to Sell City Stock**

The city council met last evening. Present, the Mayor, Aldermen May, Griesbach, Clark, Beard, Bellamy, Boyle and Fraser. The minutes of last meeting were read and confirmed. A communication was read from the Canadian Northern Railway asking that water be given the company for the use of its station and engines at actual cost of pumping. The question of what the cost really was came up. Mr. J. Chalmers, assistant engineer of the C.N.R., was asked to explain and he stated that by cost of pumping he meant the cost of coal, salaries, oil, etc. but not interest on the investment. He thought the company would require at first 25,000 gallons per day and this would work up to 100,000 gallons per day, this at the city's minimum present rate of 8c per 100 cubic feet would mean too large an expenditure. He thought this rate could be reduced to 4 or 5c per 100 cubic feet, as the railway would bring to the city a number of water users and in the case of the company there would be only one company to deal with.

It was moved by Aldermen Boyle and Fraser that the matter be referred to the commissioners to prepare a reduced rate for large water users such as the Canadian Northern Railway.

A petition was presented by Mr. Haldane for the grading of Boundary Avenue. He appeared in person to ask that the petition be granted. The syndicate which originally owned the land on this part of Boundary Avenue had laid out part of the street as a boulevard and filed a plan in this way and the syndicate was now standing in the way of opening up the street. On motion of Aldermen Clark and Boyle the matter was referred to the commissioners to ascertain how this matter can be arranged with the syndicate to have the street opened.

A communication was read from the A. McDonald company requesting for permission to run a spur railway line down the lane between Third and Fourth streets to the company's warehouses, to cross McKenzie, Peace and Athabasca rivers, to be tapped private switches and each party who taps said spur shall pay a proportionate share of said spur. Mr. J. H. Morris addressed the council urging that the request be granted at once. He said a number of wholesale companies were arranging to come to the city, the track would cost \$1700 and the companies wished to arrange to distribute the cost. Moved by Aldermen Clark and May that the request be granted subject to conditions which shall be set forth in a by-law to be passed by the city regulating this matter.

Mr. J. A. McDougall addressed the council in behalf of the North West Gas and Oil company. This company was organized to bore for gas. It would be of immense public benefit to the city if gas were struck here, rather for the purpose of the general benefit to accrue. The company has expended \$24,000 of this \$10,000 was expended in plant, the remainder in boring. They were down 1200 feet and were at the end of their resources. It was in the city's interest that the work should be prosecuted, and the company wished to sell the city \$2500 of stock in the company as it would be of immense benefit to the city if gas was secured, and it was practically certain that the expenditure of \$2500 would attain this end. If this expenditure did not accomplish the desired end he thought a further grant could be obtained from the Dominion Government to further develop the work. Alderman Clark was opposed to using the city's money for such a purpose. If gas were struck here the city's money

would be used in a business to compete with the present electric light plant.

Mr. McNaughton explained that at a depth of 1600 or 1700 feet the gas well would strike the same position relative to the sea level at which gas was found at Pelican Rapids in the north and Medicine Hat in the south and there was every probability of striking the gas area at that depth. It was moved by Aldermen May and Fraser that the special committee consisting of Aldermen Pearce, Boyle and Fraser be appointed to meet the gas company and discuss the proposition and report upon the matter to the council. Mr. Michael Kruger appeared before the council to protest against a small factory run by a gasoline being erected beside his house as the noise from the factory was a disturbance as well as the raising of the rate of insurance. It was explained by Alderman May that the fire inspector had notified this person complained of to remove his gasoline engine as no permit had been granted for it. On motion the matter was referred to the commissioners for investigation.

A petition was presented by Mr. Gilbert asking to have Fourth street, graded from McKay to Hardy street. On motion the matter was referred to the commissioners for a report. It was explained that the water main came up the hill there and to lower the hill would require the re-laying of this water pipe.

The pumping bylaw was then taken up, as the Master Plumbers Association was represented at the council meeting to discuss the matter. Mr. Harper addressed the council in which he pointed out that in Toronto the only plan in putting in plumbing required, was a plan of the underground work, only a description of the other work being required. The matter was discussed at some length. On motion of Aldermen Clark and May the Commissioner of Public Works was requested to prepare the kind of plan he wished as a sample and submit it to the council.

A communication was read from the legal firm of Taylor, Boyle & Garfield on behalf of Michael Gowda asking \$2,500 damages on account of the C.N.R. grade on Seventh street east running in front of his property, and cutting him off from any street communication whatever. The matter was referred to the Commissioners for investigation.

A communication was read from Messrs. Talt and Brown asking that the license bylaw be amended to include itinerant photographers who frequently canvas the city. On motion of Aldermen Boyle and Clark the city solicitor was instructed to prepare an amendment to the license bylaw to cover this matter. It was moved by Aldermen Clark and Bellamy that the following accounts be paid when properly certified to—

G. G. Gilmer, land expropriation	500.00
Edmonton Tent Co. flags	52.75
D. H. Douglas, saw filing	2.00

## PORTFOLIOS ALLOTTED

### THREE APPOINTMENTS MADE YESTERDAY

**Stocks Deputy Minister of Public Works and Harcourt Deputy Minister of Agriculture.**

Hon. W. T. Finlay and Hon. Dr. DeVeber were sworn in as members of the executive council yesterday. An executive meeting was then held at which the different portfolios were allotted to the members of the council. Hon. A. C. Rutherford was then sworn in as his Honor Lieutenant-Governor Duggan as President of the Council, Minister of Education and Provincial Treasurer; Hon. C. W. Cross as Attorney-General; Hon. W. B. Pugh as Minister of Public Works, and Hon. W. T. Finlay as Minister of Agriculture and Provincial Secretary.

A cabinet meeting was held last evening at which Mr. John Stocks was appointed Deputy Minister of Public Works, Mr. George Harcourt, Deputy Minister of Agriculture, and Mr. R. J. Gillies, chief clerk in the Public Works Department. A number of other appointments will be made at once.

**HON. W. T. FINLAY.**  
William Thomas Finlay, the new Minister of Agriculture, and Provincial Secretary, was born at Lisburn, Ireland, on July 12, 1852. He was educated under the private tuition of Rev. Wm. White, in his native land. In 1874 he decided to try his fortune across the ocean and left Ireland in the latter part of that year, arriving in Montreal, Canada, in January of 1875. The next seven years of his life were spent in the employ of merchants in Montreal and Toronto. In May of the following year he moved to his present home in Medicine Hat and engaged in the lumber business in that town, so that for twenty-two years Mr. Finlay has been a resident in what is now the Province of Alberta.

In 1888 he engaged in ranching, organizing with others, the Medicine Hat Ranching Company, which company now has 5000 head of cattle and a number of horses on their ranches in Southern Alberta. Mr. Finlay has given a good deal of attention to the ranching business and as Minister of Agriculture says he will endeavor to do justice to both the farming and ranching interests of Alberta. Mr. Finlay was mayor of Medicine Hat in 1901 and 1902, and is the father of municipal ownership in that town, by means of which it had a revenue of \$25,000 last year from its plan. Mr. Finlay has also been president of the general hospital in Medicine Hat for nine years.

Mr. Finlay was elected to the North West Legislature at the general election of 1902. He is therefore a man with some legislative experience. He is a first class business man, is largely interested in agricultural affairs, and is a man upon whom the greatest reliance may be placed. Like his colleagues, he will do credit to the honorable position he has been called upon to fill in Alberta's first administration. Mr. Finlay was married in 1882 to Miss Catherine A. Allott, of Newark, England. In religion he is a Presbyterian.

**HON. DR. DEVEBER.**  
Hon. Dr. DeVeber was born in St. John, N.B., on the 10th of February, 1849, and educated at the collegiate school of Windsor, N.S., and at King's College, Windsor, N.S. He received his medical education at the University of Pennsylvania, Philadelphia, and Bartholomew Hospital, London, Eng. He practiced his profession in St. John, N.B., from 1873 to 1881. In 1882 he joined the N.W. M. P. and came west, leaving the Mounted Police in February, 1885, and practiced his profession in Medicine Hat from that date to 1891, when he removed to Lethbridge. Dr. DeVeber was surgeon to the Rocky Mountain Rangers during the rebellion. In 1898 he was elected by acclamation for the Lethbridge electoral district, and was again elected in 1902, defeating Harry Besty, Esq. He has been Liberal whip since the foundation of the opposition in the Assembly some six years ago.

**CANDY**

We carry a well assorted line of Lowrey's Famous Chocolates. Very frequent shipments keep our stocks always fresh. Careful attention in our store accounts for the perfect condition of all candy you buy here.

SATURDAY, SEPTEMBER 9, 1905.

**A LIBERAL CANDIDATE**  
 As was announced in yesterday's Bulletin, Mr. J. D. McCannell has been nominated in Rosebud district. Mr. McCannell has been in the west for some years. He is a well-informed young man, an able and effective public speaker, and will be, when elected, a decided acquisition to the new Legislature.

Like a good many men in the West, Mr. McCannell came from the county of Bruce, Ont. He was the Liberal candidate for the Ontario legislature, for North Bruce in the general election of 1894 and was only defeated on account of the contest being a three-cornered one, no being second when the votes were counted.

Though a most pronounced Liberal, he was reeve for a number of years, of the township of Arran, one of the most conservative townships in Ontario, which was in itself a tribute to Mr. McCannell's work as a municipal officer.

The Rosebud candidate has been a successful farmer both in Ontario and Alberta, and is a man who always keeps abreast of the times. He took part in the Liberal convention at Calgary and moved the resolution referring to municipal legislation and the control of franchises by the municipalities. His municipal experience in Ontario as well as a close study of political questions fit him especially for the work of the new legislature, and we hope to see him elected the representative for Rosebud.

#### WHY THE C. P. R. PROTESTS

How strongly the C. P. R. objects to having its "prose" tapped by another railway line may be gathered from the following paragraphs appearing in the Winnipeg Telegram. The paragraphs form part of a report of the session of the Railway Commission at which the protest of the C. P. R. against the proposed location of the G.T.P. west from Portage la Prairie was heard.

"In the course of his argument, Mr. Aylesworth said it seemed to him that the Grand Trunk Pacific had deliberately and without any necessity selected a route to enable them to compete for existing traffic, and not make a colonization railway, which parliament intended it should be, but an active competitor for traffic in a section of country already well served with railway lines. He thought the board should require the production of the location plans of the line from Winnipeg to Portage la Prairie, and then it would be seen if they intended to go to Raeburn in which event the alternative route he had suggested could be adopted.

"Dealing with the question of the general location of the line, Mr. Aylesworth said an important law point was involved. He thought it deserved consideration whether or not a case should be submitted to the supreme court as to the true interpretation of the statutes incorporating the Grand Trunk Pacific and whether that line was ever intended to be located at points less than thirty miles from an existing road. The Grand Trunk Pacific was being constructed practically at the public expense.

"The Canadian Pacific railway had refrained from opposing this scheme in parliament believing that in good faith they desired to open up a new country for settlement. Now, however they wanted to become business competitors with the Canadian Pacific Railway by penetrating a section of country which was well settled, and which had ample railway facilities.

"In conclusion Mr. Aylesworth said, 'Once we were the favored first boy of the government. That state of things has gone by. We built our road through new territory and now we who were the pioneers in railway construction out there are being told that the fruits of our exertions and the traffic which has come to our lines should by reason of the settlement and development of the country by the Canadian Pacific railway going in when it was a wilderness, be divided with this latter offering that

we do not regard exactly as a brother."

It is not recorded that the residents of the section which has "ample railway facilities" offered any protest against the location of the new line. It is safe to say they will not do so, for when the "favored first boy" considers everything satisfactory it may be taken for granted he is the only one in the community who thinks so.

#### THE ALBERTAN DOES A TURN

The Calgary Albertan rushes to the rescue of the Calgary merchants before those estimable gentlemen have been attacked and with the Bulletin's charge that the C.P.R. made an Edmonton exhibit at the Toronto fair impossible as a text bestows a column of quite good advertising on the enterprise of the Calgary board of trade. While the letter of Mr. Peterson published some days since in these columns absolves himself and the Calgary board of trade from blame in the matter, the journalistic champion of that body wanders from the path at several points, in his attempt to discredit what had not been charged.

The Bulletin respectively submits that no "attack at Calgary" was made, attempted or contemplated in the Bulletin's comment on Mr. Peterson's letter.

After claiming for the Calgary board of trade the credit of taking the initiative in sending the exhibit to Toronto the Albertan says:

"But the C.P.R. on its own initiative informed the people of Edmonton of the action taken by the people of Calgary and asked them to co-operate in the exhibit. It was a Calgary proposition, yet Calgary merchants were broad and generous enough to welcome the Edmonton addition, and made no complaint because the people of the north were butting in."

The Albertan may accept our statement that the C.P.R. did nothing of the kind, unless the following item in the Calgary Herald may be considered an official notification from that company:

"The C.P.R. has placed a baggage car at the disposal of Alberta for the display of cereals and especially fall wheat at the Toronto exhibition. The Edmonton district will have one half the car and the Calgary district the balance. The car leaves Calgary next Wednesday, therefore those who have good samples of grain they would like to see sent down east should communicate with the secretary of the Edmonton board of trade at once. This concession of the railroad company means much to Alberta and will supply the best possible form of advertising."

Assuming that the Herald spoke with either authority or information in the matter the Bulletin reproduced the item on Friday, Aug. 18th. This was the first intimation Edmonton officials or Edmonton people had of any proposed exhibit. The secretary of the board of trade at once wired the C.P.R. officials in Calgary as to the exhibit and at 7:30 p.m. on Tuesday Aug. 22nd received a wire informing him that a car devoted to this purpose would leave Strathcona on the morning of Thursday, Aug. 24th.

The Albertan continues: "The Edmonton people had practically the same time in which to prepare an exhibit as did the people of Calgary. But they were unable to get up an exhibit which would show up well against the Central Alberta exhibit, and rather than show their inferiority to Calgary they decided to keep their goods at home and square themselves by making a howl about the affair."

The Calgary people had at least from Wednesday, August 16th to Thursday Aug. 24th in which to prepare an exhibit; the Edmonton people had from 7:30 p.m. Tuesday, Aug. 22nd until 8 a.m. Thursday, Aug. 24th.

"The Edmonton people are making a rear about the incident because after they were invited to co-operate, they declined because they feared to compete with Calgary."

That the circumstances were arranged by the C.P.R. officials, resident in Calgary to prevent Edmonton sending an exhibit is poor argument that Edmonton people were afraid to exhibit in competition with Calgary.

The apologia of the Albertan no more than the letter of Mr. Peterson clears the C.P.R. or its officials from the charge of discrimination against Edmonton.

## VEGREVILLE NEWS

Vegreville Sept. 4.—Harvest is in full blast. The farmers are improving the time, but there is a terrible famine which keeps them back.

Rev. Mr. Argue and wife met with a sad affliction in the death of their baby girl, an only child about one year old.

Mr. James Stewart and wife have also lost their youngest child.

Mr. Tetra's little boy, who had his leg broken some time ago is getting along as well as could be expected.

The picnic at Spring Creek on the first was not very well attended as it was almost in the middle of harvest time.

We do not see any more new buildings going up in Vegreville and the most of those which are here will soon be moved to the new townsite at the railroad.

The Dennis Bros. are getting a new separator to thresh with this fall.

Mr. Tierney and some of the Cole Bros. are getting a new outfit also.

## ALBERTA CROPS.

General Superintendent Jamieson of the C. P. R., has given out the following with reference to crop conditions, on the western division for the week ending August 30.

Crossfield—Dry and warm; about 25 percent of grain cut, prospects are good.

Carstairs—Fine and warm; all grain cut; commence threshing at once.

Midland—Clear and warm; cutting of wheat and barley general, oats nearly all ripe and ready for cutting, no damage.

Olds—Clear and warm; crop conditions continue most favorable, cutting general. Oats all ripe, and wheat also ripe in many places, no damage.

Bowden—Warm, no rain, harvesting making good progress, grain showing up in good condition; no damage.

Innisfail—Conditions favorable, cutting general, prospects good, no damage.

Penhold—Warm; no rain, harvesting well under way, very favorable reports from all parts district, no damage.

Red Deer—Favorable; crops very good, no damage by frost, lot of cutting done.

Blackfalds—Cool, harvesting general, all crop turning out well.

Lacombe—Harvesting general, crop in fine condition, no damage, prospects good.

Ponoka—Favorable; fall wheat and barley all cut, oats and spring wheat harvest has just started; no damage.

Wetaskwin—Fine and warm; harvesting general and crops in good condition, best yield ever had here expected, no damage of any kind.

Leduc—Clear and fine; harvesting general, prospects good; no damage.

Strathcona—Clear and fine; harvesting general, everything points to a bumper crop.

Okotoks—Favorable; fall wheat and barley harvest nearly completed; no damage.

High River—Favorable, threshing full swing, fine crop expected, no damage.

Nanton—Fine; 35 per cent. crops cut, threshing in full swing; prospects are good; no rain, no damage.

Slavey—Fine and warm; threshing progressing favorably, prospects good.

Flareholm—Favorable, harvesting progressing very favorably, threshing general, and shipments beginning to move, very favorable yields reported.

Leaving—Cutting all crops, no rain, no damage expect shipments of wheat to commence next week.

Macleod—Cutting practically completed, threshing well under way, some big yields expected, fifty bushels per acre in some cases for fall spring wheat not so heavy, should be good average.

Lethbridge—Fine and warm; harvesting progressing favorably, grain all cut, no damage, prospects good.

Taber—Fine and warm; threshing progressing favorably, expect all grain will turn out well.

Timber—Fine; wheat cutting general, expect wheat to be marketed any day, yield and sample good, cut cutting general, threshing general.

Forty—Warm and dry; threshing progressing favorably, good yield expected, no damage.

## SASKATCHEWAN GOVT. IS UNOFFICIALLY ANNOUNCED

Expected There Will be Four Members of the First Provincial Government of Saskatchewan.

Regina Standard: The Standard can authoritatively state that His Honor Lieutenant Governor Forget yesterday afternoon requested Walter Scott to form the first government of the Province of Saskatchewan. So much was admitted by Mr. Scott last night but he was not prepared to make any announcement as to the personnel of his cabinet, saying that was still in process of formation. At the same time he indicated that it would be several days before he would be prepared to make any general statement as to the policy he intended to pursue.

The composition of the Saskatchewan government is expected to be: Premier and Minister of Public Works—Walter Scott, Regina; Attorney General—Geo. C. McCraney, Moose Jaw.

Minister of Agriculture—W. R. McArthur, Edmonton; Minister of Education—J. A. Calder, Regina.

It is said that Mr. McCraney will be a contestant in the constituency in which he resides. This gentleman is a lawyer, as yet but little known in North West life. He has been out here for two years, coming from Milton, Ont.

Mr. Calder, was deputy commissioner of education under the Haultain administration. He is president of the Saskatchewan Liberal Association. Mr. Calder, it is reported, will run in Moose Jaw.

Mr. McArthur is best known in connection with the Territorial Grain Growers' Association, of which body he is president. He will be a candidate in North Qu'Appelle, the constituency for which D. H. McDonald stood in the last legislature.

As to where Mr. Scott will be a candidate, there is absolutely no word. There have been rumors of all sorts, but none of them will be confirmed by that gentleman.

### PERSONAL

Hon. W. H. Cushing returned to his home in Calgary this morning.

Mr. Osborn Adamson, chief clerk in the treasury department, came in last week.

Mr. Geo. Gamble, chief clerk in the audit office of the government, arrived from Regina last week.

### THANKS THE MOUNTED POLICE.

The Mayor addressed a letter of thanks to Commissioner Perry of the N. W. M. P. for the part taken by that body in the inaugural celebration here. The council readily concurred, as everyone agreed that the performance of the Police was excellent and added much to the success of the celebration.

The letter reads as follows:

Col. A. B. Perry,

Commissioner R.N.W.M.P.,

Regina:

Dear Sir:—On behalf of the several Committees who have charge of the arrangements for the inaugural celebration, and on behalf of the City Council and the citizens of Edmonton generally I desire to express my deep appreciation of the splendid services rendered us by yourselves, your officers and men in connection with the celebration above referred to. That part of the program put on by the R. N. W. M. P. was very much appreciated by the people of Edmonton and the vast throng of visitors that honored us by their presence on that occasion.

Let me assure you that this appreciation was greatly intensified by your prompt and generous response to all our wishes, that you have fully sustained your good name and carried with you our best wishes. Our citizens do not overlook the fact that much of whatever success attended our efforts was due to the assistance you gave us.

Edmonton sends you her most hearty thanks and hopes to see you back.

Yours truly,

K. W. MACKENZIE,

Mayor.

#### MARTIAL LAW ENFORCED

##### TO QUELL RIOTS IN TOKIO.

Disturbances in the Japanese Capital and Surrounding Cities Make Stringent Measures Necessary.

Tokio, Sept. 9.—An Imperial ordinance establishes martial law in Tokio. The disorder was resumed to-night, there is rioting at Chiba, a town with a population of 20,000, twenty miles east of Tokio. The prefecture building and court house have been burned. The Government has suspended the further publication of the Niroku newspaper printed in Tokio.

Boston, Mass., Sept. 8.—James Barton, secretary of the American board of Commissioners of foreign missions, said today of the news from Tokio that Christian churches had been burned by a mob: "There are over a hundred Christian places of worship in the city of Tokio. Our board has reorganized and helped along a half dozen churches there, but now they are all independent and self-supporting, so that we no longer have any pecuniary interest in them. At the outbreak of the war, the Japanese were inclined to be suspicious of all Christians, but I understood that feeling had long ago died away."

CHOLERA IN BERLIN.  
Berlin, Germany, Sept. 9.—Fifteen new cases of cholera and six deaths are reported to date, making a total of 105 cases, and thirty-two deaths.

NORWEGIAN TROOPS ACTIVE  
Karlskrona, Sweden, Sept. 9.—The Norwegian Government has stationed a considerable number of troops on the frontier and moved other troops near the line.

KILLED BY FALLING BUILDING  
New York, Sept. 9.—Two persons were killed when a building at Grand and Mott streets collapsed. The building is said to have been condemned two years ago and has been permitted to be occupied since.

#### THE CLOUDY WEATHER

##### DISAPPOINTED ASTRONOMERS

Canadian Party Sent to Labrador to Observe Eclipse of the Sun Only Partly Successful.

Ottawa, Sept. 8.—Prof. W. F. King, chief astronomer for Canada, returned today from Labrador, where he went to observe the eclipse. He confirms the reports of the failure of the astronomers to derive much benefit from the observations, but says that some photographs were taken. "Exactly on time," said the Professor, "the sun was hidden and the darkness lasted for about two minutes."

THE DOMINION REVENUE  
Ottawa, Sept. 8.—Canada's revenue for the months of July and August, was over eleven million or three quarters of a million greater than for the same time last year.

##### BRIDGE IN EIGHT WEEKS

Mr. J. Chalmers, engineer of the C.N.R., was in this city last evening. He came up from Fort Saskatchewan, and says that the plan for the erection of the railway bridge there is all on the ground and the driving of piles will be begun on Monday. The construction of the bridge will take about eight weeks and it is being hurried so as not to delay the steel if possible. The rails are now laid about ten miles this side of Mannville and the track-laying gangs are moving steadily and quickly west. Engineer Chalmers says they are going to make a record in the erection of the Fort bridge.

##### PERSONAL

N. D. Beck, K.C., returned from the south yesterday.

Mr. E. W. Buxley, provincial auditor, came in last night to assume his duties in the government offices here.

Alderman Boyle brought up the revision and consolidation of the city's bylaws. The city solicitor advised the council to wait until the charter had been revised. This was agreed to.

Communications were read by which \$12.47 was paid to the Street Railway Company as accrued interest on the \$10,000 and the acceptance of the same by the Railway Company's solicitors without prejudice to be forwarded to the company's acceptance or rejection, as the case may be, the city having notified the company that the \$10,000 is forfeited.

On motion of Boyle and Griesbach the matter of the forfeiture of the street railway charter be referred to the city solicitor for a report.

A communication was read from G. W. Dawson, Dominion Penitentiary Inspector, stating that he would visit the city shortly and arrange about Jasper avenue crossing the penitentiary grounds.

It was decided that an effort should be made to have the new provincial government assist in the keep of Kenneth McKay, an indigent.

Alderman Griesbach brought up the question of the Calgary Herald's false report respecting a snow storm and urged that an action be entered against that paper for libel. It was moved by Alderman Griesbach and Picard, that the matter be referred to the city solicitor. The opinion prevailed that it was best to ignore attacks such as the Calgary Herald made and the motion was declared lost. The council adjourned.

—Regina Standard: The members of the staff of the Northwest Government made merry until quite late on Friday night. It was the occasion of their farewell dance and at home in the old Assembly buildings, and those who are now about to part, going either to the Alberta or Saskatchewan governments, spent a last pleasant evening together. Music and dancing served to while away the happy hours.

## Ross Bros Limited

### The Gillette Razor

To men who are accustomed to shave themselves, we would recommend the little ever-ready, Gillette Razor. While this is one of what is generally called

## Safety Razors

It is entirely different from the ordinary Safety, for with the Gillette you have no honing or stropping to do, as the Razor is always ready for use. The blade that is in the Razor when you buy it, is good for not less than ten shaves, and to a man who has an ordinary delicate, or fine beard it will shave thirty times without stropping; then you simply remove that blade and put in a new one, or in other words, throw the old blade away, not trying to renew its edge, but put in a new blade, thus you start again with a new Razor. Twelve blades go with each Razor, and these twelve blades are good for not less than 120 shaves without stropping. The Razor is always ready. Then when the blades become dull, and you throw them away, you buy a new set of blades for \$1.00, which means again not less than 120 shaves. No matter if you are on the road or in a jolting conveyance of any kind, the Razor is always ready for use. You cannot cut yourself if you try.

We are the only people in this northern country who have these Razors, and as we have seen them work and know their capabilities we can recommend them without the slightest hesitation.

**ANOTHER SNEER AT EDMONTON**

(Windsor Tribune)  
The Telegram says that Edmonton's "Fair Women and Brave Men" danced all night in honor of Alberta's obtaining provincial status.

It is to be hoped that the women of Edmonton are fairer than Edmonton's dancing men are brave.

It is an indication of bravery to dance on the occasion of the humiliation of your country.

Who were the ancestors of Edmonton's dancing men?

Were they English Scotch or Irish?

Would they have danced till morning when they were robbed of their liberties and branded inferiors in the eyes of their fellow-citizens?

No; they would have made their despairers dance instead.

The bravery of Edmonton's brave dancing men was shown by their defiance of the traditions of their race.

**GRAPHIC, IF NOT FLOWERY**

(Montreal Star)

Edmonton, Alberta, September 2.—Yesterday Alberta and Saskatchewan became provinces. At high noon here the swearing-in took place of the new Lieutenant-Governor, G. H. V. Balfour.

In the presence of His Excellency Lord Grey, the Premier and Ministers, over ten thousand people from all parts of Alberta witnessed the ceremony, which took place in the open upon a stand in the Exhibition grounds. All week the provincial capital has been the Mecca of a host of pilgrims. Yesterday the invasion reached its height. They came from every direction in every manner of conveyance. All the roads leading into Edmonton were black with moving humanity long before sunrise yesterday. Hundreds of vehicles ranging from the latest in farm wagons to the old Red River cart bore families, many numbering in their midst three generations, to the already overcrowded capital. Edmonton is a city of broad streets. Each of its buildings stands in ample space, but it was none too large for the influx of Albertans, Indians and fur traders from the far north jostled the cosmopolitan citizens of Edmonton and the surrounding municipalities. Chinamen gazed blankly at the moving throngs, Monnonites, Germans, Galicians, Yankees, everybody who could leave the crops now demanding harvest, was there, mounted men on loping bronchos, spurred up and down the thoroughfares on mysterious errands. Snapping lawn dogs chased poor visiting Huskies to the friendly shelter of their wagons. Indian ponies reared and balked at decorations and wonderful arches whose use they did not know. Everything was noise and fun and pleasure, for Alberta was emancipated.

A singularly law-abiding crowd they proved however, those odd twenty thousand people. Easterners saw nothing of the revolvers and cartridge belts many of them had expected, and the life of the city police was an easy one. The bright dresses of the women, the crimson of the uniforms of Mounted Police, flapping flags and bunting everywhere made a picture not soon forgotten. Moreover the day was fine, and bright and flashed down from the bluest of skies, glittering on spurs and harnesses.

Moreover the day was fine, and bright and flashed down from the bluest of skies, glittering on spurs and harnesses.

A singularly law-abiding crowd they proved however, those odd twenty thousand people. Easterners saw nothing of the revolvers and cartridge belts many of them had expected, and the life of the city police was an easy one. The bright dresses of the women, the crimson of the uniforms of Mounted Police, flapping flags and bunting everywhere made a picture not soon forgotten. Moreover the day was fine, and bright and flashed down from the bluest of skies, glittering on spurs and harnesses.

N. LECLERC, Prop.

**Pharaoh Cigar.**

As soon as it arrives at my factory I place it in humidors built for the purpose. The tobacco is kept here for from two to three years at a temperature and humidity which as nearly as possible correspond with the climatic conditions of the Island of Cuba.

This treatment thoroughly matures the leaf, removes the injurious "gum," and develops the rich flavor of the tobacco.

This is one reason why my Pharaoh cigar has so delightful an aroma, and leaves a pleasant taste in the mouth.

I carefully watch every step taken in the production of my Pharaoh cigar so I secure a steady, even combustion and a cool, sweet smoke.

None genuine unless branded "Pha-ro."

## LOCAL

—One drunk \$5.00 was this morning's police court record.

—R. B. Bennett is expected to address a meeting in Ross Hall, Strathcona on the evening of September 12.

—Rev. Dr. Huestis will address the Epworth League of McEugene church on missionary work on Monday evening.

—Electric lights are being installed today in Grace Methodist church and they will be ready to illuminate the church at tomorrow's evening service.

—The Grand Trunk Business College will open in this city on Monday evening in the Chisholm block, on the corner of Jasper avenue and Fourth street.

—Medicine Hat, N.W.T., Sept. 3.—Bylaws were passed here yesterday authorizing the issue of debentures to the amount of \$5000 for the purchase of park and market sites.

—Building permits to the value of \$20,823 were taken out during the month of August in the city. This makes a total of \$394,265 in building permits taken out since March 1.

—Parties who were at the Regina inaugural celebration and also witnessed the inaugural here, say, that with the exception of the electric display, the Alberta celebration by far exceeded that of Saskatchewan.

—The William Yule Company in the Thistle rink on Monday and Tuesday evenings will afford the theatre-going public one of the brightest and best entertainments that has been in the city for some time.

—A solid nine-foot stone wall has just been completed under Robertson's Hall which makes the building safe for public gatherings, and the Bulletin is assured that there is absolutely no danger in its being occupied in that way now.

—A mass meeting of Liberals will be held in Robertson's hall on Tuesday evening next to nominate a Liberal candidate for the city of Edmonton for the provincial legislature. The meeting will be addressed by Geo. D. Grant, M.P. for North Ontario.

—A lawn social will be held under the auspices of the Ladies Aid of Grace Methodist church, at the home of Mr. and Mrs. A. T. Cushing, Nainville avenue, on Tuesday next, Sept. 12th. Supper will be served on the lawn between the hours of 5 and 7. Admission free, supper 25c. children 15c. in aid of Grace Methodist church. All are invited.

—The case of G. Rob vs. R. Wata, 50 action really against the Sunday excursion of the Eagles, was dismissed by C. H. S. Wade yesterday. In dismissing the case from the legal standpoint the magistrate stated that his sympathy was with the prosecution as the increasing disregard of the sabbath day in Western Canada to be strongly deprecated.

—The C. N. R. grade on Seventh street is practically closing part of the property on that street from any street privileges whatever and the result is several proposed actions for damages. The chances are that the railway will rather enhance the value of this property, making it probable sites for factories, warehouses and elevators, but it will certainly destroy it for residential purposes.

—The C.P.R. has begun the use of natural gas for illuminating the cars of the passenger service. The Governor-general's "parlor car" "Gloucester" was the first with which the experiment was tried. Three tanks, containing 647 cubic feet, were filled, the pressure being 147 pounds to the square inch. The gas gave entire satisfaction, and the cars on the Crow's Nest line are being fitted with the equipment necessary for the use of the gas.

—Calgary Herald: As a result of insulting language and wildly disorderly conduct, Alderman "Jack" Clark was given a severe thrashing Monday night by a well known Calgary man. In a saloon the Third Ward statesman was loudly proclaiming his anxiety to vindicate his vote on the bond grant in the council recently. Finally his language became intolerable, and the gentleman to whom he referred dug into him. After a severe thrashing was administered, the Third Ward alderman quieted down and was taken home to remove the blood from his shattered countenance.
